

## Welcome, Coach Fulmer!

We are very excited to welcome former University of Tennessee football captain and head football coach, Phillip Fulmer, to this year's ACW Dinner & Silent Auction event as featured guest speaker.

Coach Fulmer has been a national champion on the field and a champion of worthy causes off of it. His support of The AD Foundation is as tireless and determined as the teams he's captained and coached. We thank him for sharing some of his experiences at UT, with Aaron, and about The AD Foundation at this year's event.

## What Is ACW?

ACW (Associated Construction Women) was originated and incorporated for the exclusive benefit of women working in and/or interested in the construction industry in East Tennessee.

Membership services range from aid in job placement to educational and construction-related programs. ACW also endows scholarships at Pellissippi State, ETSU and the University of Tennessee for ladies entering into a construction-related profession.

This year, proceeds from our 10th Annual Dinner & Silent Auction will help fund the AD Foundation and its beneficiaries. Thank you for your support.

## What Is The AD Foundation?

The AD Foundation is named in memory of Aaron Douglas, a standout football player who died tragically of an accidental opiate overdose in 2011.

Aaron starred at Maryville High School and went on to play at both the University of Tennessee and the University of Alabama.

The AD Foundation is set to encourage, empower and educate student athletes on the dangers of prescription drugs.

The AD Foundation is not a recovery program, but a source to help fund them.

## So Where Does The Money Go?

The AD Foundation has chosen to fund two incredible programs with the proceeds from this year's ACW event: Aaron's Room at the Boys & Girls Club of Loudon County and Susannah's House.

Besides being a gifted athlete, Aaron had a passion for art and music. Aaron's Room at the Boys and Girls Club of Loudon County is equipped with art supplies and state of the art instruments, computers and sound systems for young people who might not otherwise be exposed to music and the arts. Visit [theadfoundation.org](http://theadfoundation.org) for more information.

A ministry of Cokesbury Church, Susannah's House exists to serve the spiritual, physical, and emotional needs of mothers and their prenatally-exposed infants who are recovering from substance abuse. Their mission is to provide hope and help to these mothers and their children. Please contact them for more information.
